# THE MUSIC OF TREES

Inspired by the wonder of the natural world, 'The Music of Trees' weaves together tales of our woodland folklore with a suite of original compositions, written in the woodlands of Sussex during lockdown.

Geoff is a master of the acoustic guitar with an intricate, richly harmonic style, that blend his classical, jazz, Celtic and Spanish influences.

In 'The Music of Trees', he performs pieces inspired by the trees including the ash, elm, birch and yew, interspersed with magical storytelling.

*"Very talented - makes the guitar sound like 2 guitars and a piano"*  
BBC Southern Counties

# PROMO VIDEO
